## Caution

The lightening flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of un-insulated "dangerous voltage" within the products enclosure that may be of sufficient magnitude to constitute a risk of electric shock to the persons.

The exclamation point within an equilateral triangle is intend to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

### **Correct disposal of this Product**

Waste Electrical & Electronic Equipment (WEEE)

Your product is designed and manufactured with high quality materials and components which can be recycled and reused.

This symbol means that electrical and electronic equipment, at their end-of-life, should be disposed of separately from your household waste.

Please dispose of this equipment at your local community waste collection/recycling centre.

In the European Union there are separate collection systems for used electrical and electronic products. Please help us to conserve the environment we live in!

## Safety Information

To ensure reliable and safe operation of this equipment, please read carefully all the instructions in this user guide, especially the safety information below.

### **Electrical safety**

- The TV set should only be connected to a mains supply which matches that stated on the label.
- To prevent overload, don't share the same mains supply socket with too many other items of equipment.
- Do not place any connecting wires where: they may be stepped on or tripped over.
- Do not place heavy items on them, which may damage the leads.
- Hold the main plug, not the wires, when removing from a socket.
- During a thunderstorm or while leaving the TV for long periods, set the switch off.
- Do not allow water or moisture to enter the TV or mains adaptor. Do NOT use in wet or moist areas, such as Bathrooms, steamy kitchens or near swimming pools.
- Pull the plug out immediately, and seek professional help if: the mains plug or cable is damaged, liquid is spilt onto the set, or if it is accidentally exposed to water or moisture, anything accidentally penetrates the ventilation slots, the set doesn't work normally.
- Do not remove the safety covers. There are no user serviceable parts inside. You may invalidate the warranty. This apparatus must only be serviced by qualified personnel.
- To avoid battery leakage, remove exhausted batteries from the remote control, or when not using for a long period.
- Do not break open or throw exhausted batteries on a fire.

### **Physical safety**

- Do not block ventilation slots in the back cover. You may place the TV in a cabinet, but ensure at least 5cm (2") clearance all around.
- Do not tap or shake the TV screen, or you may damage the internal circuits. Take good care of the remote control.
- To clean the TV use a soft dry cloth. Do not use solvents or petrol based fluids.
- Do not install near any heat sources such as radiators, heat registers stoves or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong, the wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs.
- Use only attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, has been exposed to rain or moisture, does not operate normally or has been dropped.
- Please always connect an apparatus with Class I structure to a main socket with protective earthing connection.
- Please make sure both main plug and appliance coupler work properly.

## DVD Operation

Title: DVD Video discs are usually divided into several numbered sections called titles.

Chapter: A title comprises smaller numbered sections called chapters.

### Playing the DVD Player

1. Press the 'SOURCE' button to select 'DVD' mode, if no disc is inserted yet, the display shows 'No Disc'.
2. Insert a DVD with the label printed side facing towards you.

3. The TV will first display 'Loading', then change to 'DVD-video'. Most DVDs will show some preliminary information then stop at a main menu screen.
4. Press PLAY/PAUSE to play it directly. Or press the DVD-MENU button to access the disc menu during playback.
5. Use the direction button on the remote control to select the desired option. Press ENTER to select the option or press the ► button. Playback will now commence.
6. After playback, press the EJECT button on remote control or EJECT button on TV/DVD to remove the disc.

Note: No function'' will sometimes appear on the screen after a button is pressed. This indicates that the function is not supported at the current time.

### Getting Started

Carefully remove the TV / DVD and all other items from the box. You may wish to store the packaging for future use.

Please read these instructions thoroughly before use.

### Compatible Discs

The DVD player supports the following disc formats:

12cm DVD Video Discs.

12cm Compact Disc Audio Discs.

12cm Still High Resolution

**WARNING! DO NOT INSERT OR PLAY 8CM DISCS, THEY WILL GET STUCK.**

## Basic Control Function

### Play/Pause

1. Press the ► button to play/ pause the DVD. The screen will freeze its current picture when paused.
2. For resume play, press the ► button.

### Stop

After pressing the button to stop playback. 'Press Play Key To Continue' will be displayed on the top left on the screen, also '■' on the top right. Press the ► button to resume playback.

Press the "button twice to stop playback completely. " Will be displayed on the screen.

### Fast Playback

You can search either forwards or backwards for a particular part of the DVD.

To search forwards, press the buttons ►►.

The playback speed is doubled and 'FORWARD X2' is displayed.

Each subsequent press of the ►► button toggles among different speeds (►► 2X - ►► 4X - ►► 8X - ►► 16X - ►► 32X -PLAY), up to 32 times the normal speed. Pressing the buttons ►► after " ►► 32X" reverts to normal playback speed.

To resume normal playback at any time, press the ► buttons.

To search backwards, press the ◄◄ button. This operates in the same way as the ►► button but in the reverse direction.

### Subtitles

Most DVDs are recorded with subtitles and some have the subtitles available in different languages.

To select subtitles, press the SUB-T button.

If different languages are available, repeatedly press the SUB-T button until the language you require is displayed.

### Chapter Selection

During playback you can select different chapters of the DVD. Press DVD-MENU to the root menu. Press direction buttons or Next, PREVIOUS buttons to choose different chapters. Note: It is just for reference.

Press ENTER button to confirm.

### Audio Configuration

Some DVDs are recorded with multiple audio channels. These can be used for different languages or for commentaries.

Repeatedly press the AUDIO button to select the desired audio channel.

### Repeat Chapter/Title

To repeat playback of a chapter, press the REPEAT button while the chapter is playing. 'Chapter' will be displayed.

To repeat playback of the title, press the REPEAT button twice. 'Title' will be displayed.

To repeat playback of the title, press the REPEAT button three times. 'All' will be displayed.

Press the REPEAT button four times to cancel repeat playback.

### Program Play

1. Compatible with DVD, CD, HD-CD, WMA, Digital Audio disc /JPEG discs.

2. The Program Playback option allows you to enter the order in which you want chapters or tracks to play, maximum to 16.

3. Program Menu: If PBC is on, this operation will turn PBC off while the chapters / tracks play in programmed order.

4. According to the highlight, use the Numeric buttons to enter the chapters / tracks in the order you want them to play. Then press Play or use Arrow buttons to highlight the "PLAY" item and press Enter. The chapters /tracks will play in the programmed order. You can program maximum 16 titles / chapters / tracks.18

5. According to the Direction Indicator on the menu, you can press Arrow buttons to highlight where you want to enter.

6. During Program Playback, if program button is repressed, the program order and the contents will be displayed on the screen, and the Program Playback will be stopped; also you can press Stop and Play to resume normal playback.

7. Notes:

To clear the program order, use Arrow buttons to highlight the "CLEAR" item, then press Enter.

To modify the program order, use Arrow buttons to highlight the item you are changing and enter the new chapter / track you want to program directly.

8. The program indicator in the screen and the playing chapter / track illuminate.

**Note: Some discs do not support the repeat function, different disc shows different information.**

**Default:** Default the factory' settings EXCEPT the password.

## Disc Care

### About Disc Terms Title

Generally, pictures or music compressed on a DVD are divided into several sections, "title".

### Chapter

The smaller section unit of picture or music in a DVD under the title, usually one title is comprised of one or more chapters and each of them is numbered for easy searching, but some discs may not have a recording chapter.

### Track

A segment of picture or music on a CD, Each track is numbered for searching.

### Care of Disc

Video disc contains high-density compressed data that needs proper handling.

1. Hold the disc with fingers by outer edge and/or the center spindle hole. Do not touch the discs surface.
2. Do not bend or press the disc.

3. Do not expose the disc to direct sunlight or heating sources, Store discs in cabinet vertically, and in dry condition.

Prevent exposure to:

Direct sunlight

Heat or exhaust from a heating device

Extreme humidity

Clean the disc surface with a soft, dry cleaning cloth, Wipe the disc surface gently and radially from center toward the outer edge.

Do not apply thinner, alcohol, chemical solvent, or sprays when cleaning. Such cleaning fluids will permanently damage the disc surface.

## Simple Troubleshooting

If the display fails or the performance dramatically, check the Display in accordance with the following instructions. Remember to check the peripherals to pinpoint the source of the failure. If the Display still fails to perform as expected, contact the dealer for assistance.
